

“Six thousand years have been allotted by the Divine Wisdom for the service of the human race and their opportunity to strive for completeness. After this the world will be renewed in a different form, appropriate for its future function, which is eternal pleasure for those who are worthy of this.

“Before the end of six thousand years it is necessary that the chosen people achieve completeness, in order that they may be transferred afterwards to Eternity, and this is what has been promised in any case.

“This will be done by a descendent of King David who will be chosen by the Lord and will be helped to succeed in this, and he is the Messiah. In his time and through him, Israel will be greatly perfected, and together with them the entire creation, in that good will be everywhere and evil will cease to exist, both physically and spiritually.

“That is, the heart of stone will become flesh and the impulse to do good will dominate human beings, in such a way they will not be drawn after the material at all, rather will always be inclined to Service and Torah and will advance in it – and because of this there will be peace and prosperity, and no damages or losses whatsoever.

“As promised by the prophet (Isaiah 11:9)...And the spirit of prophecy will be upon all, so that everyone will achieve it without any difficulty at all, as the prophet says (Joel 3:1) ‘I will pour my Spirit upon all flesh’, and so they will rejoice and revel in the great good, connected to their Creator, and serving before Him perfect service. And thus they will be increasingly elevated, until reaching what is necessary to achieve Eternity in the Perfected World.”

**Rabbi Moses Chaim Luzzatto
An Essay on Fundamentals**

THE END OF DAYS

TIME IS RUNNING OUT!

The clock is ticking, around us many things are collapsing, and we need to wake up! The world as we know it will change drastically in the near future. We can feel this happening, because it is so clear. The world has become like a dead end street.

If you also have the feeling that something is about to happen, that some big change is coming soon, know that these feelings that you and many others share, are correct. The Prophets of Israel say the same thing, as does Rabbi Shimon bar Yochai in the *Zohar*, and the *Kabbalists* [Mystics] after him, as well as the hidden *Tzaddikim* and *Kabbalists* of our generation. It's clear to all that our world is standing on the threshold of a fundamental change.

The Creator of the world is preparing us for this Great Change, as very soon the world will confront its final test and challenge. As a prelude to this Great Change, we have been witnesses to many natural disasters all over the world; earthquakes, floods, epidemics, and more. They continue to grow in intensity around the world. Although there may be pauses and periods of relative quiet, natural disasters have become the general trend and the relative tranquility of previous generations, has been destroyed.

Our security has been undermined, fear and terror have increased. Nations provoke one another, and the danger of global warfare is increasing. In Israel, danger is widespread. Don't be deluded - life will never return to what it has been up until now! We know that all calamities that happen in the world come for the sake

of Israel [Talmud], to awaken our hearts to repentance, in order that we should observe, fear, and take it to heart. Then every one of us will be able to say, as did Jonah, “this great storm has come upon you because of me.”

Completely unexpected events happen to all of us, in order to remind us that we are not in control of our lives - and that we are not in control [at all], and are actually powerless in the hands of our Creator. Many things which we have relied on, like money, physical strength, honor, influence, “pull” and connections - all of these will crumble and fall apart one after another. Likewise, those who place their trust in the army, the police, insurance, doctors, banks, and the like, will, in the not so distant future, find themselves without any support at all.

This situation has been foretold by our sages in the Talmud, that eventually we would get to a point where we will understand that we have no place to turn and no one to rely upon except our Father in Heaven. At the present time this 2000-year-old prophecy is becoming a reality in front of our eyes. “Who is wise?” ask our Rabbis, “He who possesses foresight and puts his trust in G-d alone,” they answer.

The destruction of the Twin

Towers is one example of this trend. They were the symbol of wealth, strength, technological progress, and the power of money as well as a symbol of the United States. Their fall showed that America couldn't even protect itself, let alone protect Israel or anyone else. (And incidentally, we shouldn't be too surprised if we even find the United States opposing us at some time in the future).

Our senses must be sharp; we can't be complacent and half asleep as is our present condition. We must open our eyes and face reality. And the reality is a harsh one, because we are witnessing disease, deaths, automobile accidents and other disasters, and even frequent Arab suicide bombers - the like of which has never been seen (and which is something that is impossible for us to protect ourselves against).

The more recent calamities obliterate the memories of the ones that preceded them. And every day the pain is greater than before; plainly, our Creator wants something from us. Yes, all that is happening is designed to bring us, the Jewish People, back to G-d and the ways of His Torah. This painful “education” is for our greatest benefit, as it can make us worthy to live in the Messianic Era and have a place in the Eternal Redemption described by our Prophets in the books of the Bible.

DESTROYING THE GREAT LIE

A MESSAGE FROM THE AUTIST BINYAMIN GOLDEN

SEPTEMBER 2001

Time is ending. The Twin Towers, the great symbol and center of gashmius [materialism], universal gashmius, have crumbled into the earth, and with them other giant

buildings which stood like soldiers next to the two royal edifices. All are now dust and twisted iron.

But what have we learned

from this? What have we gained from this? What insight have we attained from this? American forces are poised for war, ready to attack Afghanistan at any moment, maybe

MESSAGES FROM HIGHER WORLDS

THROUGH FACILITATED COMMUNICATION

About twenty years ago "Facilitated Communication" (FC) was discovered simultaneously in several places around the world. By means of FC it is possible to reach the higher parts of the soul of a handicapped person (which are usually pure), and are able to relay to us messages from higher worlds. (A full explanation of FC is contained in the book "Secrets of the Soul").

Many mentally disabled individuals have claimed in their messages via FC that they have been commissioned by G-d to help us ready ourselves for the advent of the Messianic Era. Indeed many of their messages are so profound and so full of insight that they have had significant effects upon those who have read or heard them. This has occurred among Jews of all levels of commitment, ranging from the non-observant to some of our great Torah leaders, who were also very moved by these messages.

Hundreds of thousands of Jews have already been exposed to these messages. Some have witnessed FC directly, many more have read literature, or heard lectures and radiobroadcasts quoting them. Therefore FC and the messages authored through FC has been and can continue to be an important resource to help us understand what to do in these difficult times, and particularly, how to prepare ourselves for the Redemption of the Jewish People and the Messianic Era following it, as described by the prophets of the Bible.

DESTROYING THE GREAT LIE

(CONTINUED FROM PREVIOUS PAGE)

to plunge the world into a global war. Stock markets all over the world are plunging. People are afraid to leave their homes. Gas masks are being bought in the United States....

I will explain what you should be learning from all of this: **HaKodesh Baruch Hu [G-d] is destroying the lie, the false world we've been living in, the excessive decadent gashmius that has become our god.** Together with the falsehood that security lies in the army, social security, the great insurance companies, a steady job, a big bank account, etc. **He is systematically destroying all of our illusions. And He has only just begun...**

I want to tell all those who are interested in reading my words and the words of other autistic children that as you all know, the end is very near - and the world is already in much confusion....

So what do we do? What's really happening and how do we get through it? Reading these messages that we have written should explain much. But to put it in a nutshell, I can say that HaKodesh Boruch Hu [G-d] is bringing the world to an end - the world as we know it - and

the True World, the world of Emes [Truth], is being born. Right now we are between worlds. We are in a time of almost complete darkness, the intense darkness before the dawn and the terrible pain before the birth....

So, my dear Jews, what should we do? The first thing is to get rid of as much gashmius [materialism] as possible. And the second thing is, to hold on to HaKodesh Boruch Hu [G-d]. Whether you feel Him or not, whether you feel that you know Him or not, just hold on, no matter what, to your belief, to your Bitachon [Trust], to your love of Hashem [G-d]. There's nothing new in my

words, but these two things will save you. This is the way you can save yourselves. You can be certain that what I am saying is true. Hashem is really bringing this world of lies to an end. It's no joke, it's Emes. The Twin Towers was only a warning.

The Emes [truth] is that only those who change will be saved. **What does it mean to change? To come close to Hakadosh Boruch Hu, and reject gashmius.** That is the change. If you do that, the Geulah [eternal Redemption] will come, and you will feel the most wonderful feeling of completeness, of love, of closeness with your Source.

CONSEQUENCES TOO DREADFUL TO CONTEMPLATE

IMPORTANT INFORMATION FROM THE PRESTIGIOUS LONDON TIMES

THE FULL ARTICLE: <http://www.timesonline.co.uk/article/0,,251-2027979,00.html>

This is only an option of last resort, since the consequences are too dreadful to contemplate. Nevertheless, the option of using military intervention to destroy Iran's nuclear program is still being seriously considered - as this may be the only solution to one of the world's most serious security threats.

In the United States, leaders are openly discussing the emerging conflict. Recently, a poll showed that a majority of the Americans are in favor of military intervention in order to stop Iran from building nuclear weapons. ["There is only one thing worse than military action - that is a nuclear-armed Iran" said John McCain, Republican senator and US presidential hopeful].

However Iran is ignoring the threats from the West, and continues to press ahead with its nuclear development, and also has pledged to defend itself if necessary.

The military option may be the only means of halting a regime that has repeatedly threatened to annihilate Israel, from developing a nuclear arsenal. Sam Gardiner, a former US Air Force officer,

estimates that knocking out the nuclear sites in Iran could probably be done in less than a week. However he warns that this would only be the beginning.

Iran has declared its intention to defend itself if attacked and could use medium-range missiles to hit Israel or US military targets in the Middle East. It could also cause a world-wide energy crisis by using its missiles and navy to attack shipping in the Persian Gulf, the main export route for much of the world's energy needs.

According to Lieutenant-Colonel Gardiner, in addition to the nuclear sites, there are about 125 additional targets to deal with, such as chemical plants, missile launchers, airfields etc.

While this broad US offensive is under way, Iran would almost certainly unleash a powerful counter-attack through its proxies in the region. Hezbollah, the Lebanese Shia militia, would probably attack Israel. [Hezbollah is known to have thousands of missiles capable of reaching most of Israel]. Iranian-backed terror groups could wreak havoc against

Western targets across the world, bringing a further Western military response.

ADDITIONAL MATTERS TO BE CONSIDERED

- **If Iran attacks Israel (as they have declared they will do if attacked by US), what will Syria, Hamas, Egypt, Jordan etc. do? (And what will over one million Israeli Arabs inside Israel do!)**
- **And Al-Quada, etc. (which have biological and chemical weapons of mass destruction)?**
- **How will the Western countries react if Iranian-backed groups "wreak havoc against Western targets across the world"? (And how will the Arab countries react in return?)**
- **Is our present situation similar to the Holocaust, the Mabul, the destruction of the Temple etc. which took everyone by surprise - despite all of the clear signs and warnings which existed beforehand?**

Rabbi Eliyahu Dessler, in his well known book **Michtav M'Eliyahu** (volume 3, pg 205) describes precisely the end of the world and the final collapse of Edom:

"The kingdom of the Messiah [redeemer] will spring forth and be revealed from out of the Kingdom of Edom: Through the destruction of the Kingdom of Edom the Kingdom of Heaven will rise and be revealed. The destruction of Edom will only come about through the destruction of this world.

"When G-d brings this world to a situation in which the basics of life are falling apart, then calm is undermined, and individual lives become full of worry, fear, and struggles and the entire world will cower under the fear of destruction and annihilation, only then, before the eyes of all, will it be revealed that the arrogance of Edom and its pride in being foremost in controlling Nature, has brought it to its downfall - and then the light of the Messiah will be revealed: 'and redeemers will go up to Mount Zion etc. (Ovadyah chapter 1)". [Because only through the attainment of the nullification of the physical world, can people elevate themselves and see spiritually and thereby cancel out the rule of Edom, which enables the 'light' of the redemption and the Messiah to be revealed].

These words were written by Rabbi Dessler more than fifty years ago, and they are now coming true before the wondering eyes of the Kingdom of Edom. The technological developments of the last generations through which man sought to subdue and control nature, now constitute the greatest basis for fear in the world - for with them the fabric of society has been distorted and weapons of unprecedented destructive power have been created.

THE GREAT WORLD CHANGE HAS ALREADY BEGUN

AND THE WAR OF GOG AND MAGOG IS NEAR - WHAT CAN WE DO?

Dear brothers! In this time of great confusion, when the truth is hidden and only the fleeting material world is racing constantly before our eyes, one question arises in our minds, from within a sea of emptiness and flux, of the vain pursuit of money, falsehood, hypocrisy and adultery which surrounds us... WHERE IS ALL OF THIS LEADING US??

There is one answer, dear brothers: all this is leading us to destruction and eternal grief!

Eternal grief for whoever does not wake up and sober up right now, before everything falls apart, before the Great World Change and before the war of Gog and Magog.

We need to wake up, and wake up our sleeping brothers and sisters. This war, the war of Gog and Magog, was prophesized by the prophet Ezekiel (chapter 38:8-9), "After many days, you [Gog] will be called upon, in the End of Days. You will come upon a land [a nation] that was exiled by the sword, and afterwards gathered from among many peoples - upon the mountains of Israel which had been barren for many years - but was brought out [by G-d] from among nations and they dwell safely, all of them. You will ascend and come to war upon them like a sudden darkness, your multitude will cover the land like a cloud, your army together with many other nations."

The prophet Zechariah, prophesized similarly (chapter 13): "Behold the day of the Lord comes, when your spoils will be divided in your **midst and I will gather all the nations against Jerusalem to battle, and the city shall be taken** and the houses rifled and the women ravished... Then the Lord will go out, and fight against those nations, as when He fought in the day of battle."

Concerning the number of survivors after this final war, Zechariah prophesizes (chapter 13:8-9), "and it shall come to pass, that in the land, says the Lord, two thirds [of the people] shall be cut off and die; but one third shall remain in it. And I will bring this third through fire, and will refine them as

silver is refined and I will test them as gold is tested. They shall call on my name, and I will answer them, I will say, 'this is my people, and they will say, the Lord is my G-d.'"

Thus two thirds of our nation will die and be lost, and the final third will have to pass a test and a cleansing like silver and be purified - and only those who pass the test of the war against the *yetzer hara* [the evil impulse] will reach the period of the Redemption. "And it shall come to pass that he that is left in Zion, and he that remains in Jerusalem, shall be called holy." (Isaiah chapter 4:3)

Dear brothers, whoever wants [to be worthy] to be saved from the war of Gog and Magog, and from the all natural disasters that will occur after that war, must practice **kindness and altruistic love with others - unselfish kindness. He must purify his heart and stop pursuing money, falsehood, hypocrisy, and adultery [All of these vices are usually a result of a materialistic orientation towards life]. He must think truth and speak truth** - and the truth will set you free people, true Children of G-d.

Don't forget that G-d is a King who loves charity and law, and is very patient and tolerant towards his wayward children - but for how long? For how long will G-d restrain Himself in regard to the sins being committed in the Holy Land? And the answer is: Until the point of wrath, for then the Lord comes and collects all of His debts from the evil doers and traitors who destroyed His holy Temple and blasphemed His holy Name. And this time of collecting debts is fast approaching. "Vengeance and recompense are

mine, at the time of their downfall." (Deuteronomy 32:35)

Dear brothers, the purpose of the war of Gog and Magog and the natural disasters that will follow it, is the destruction of the old world in which evil rules and directs most of the world's people to pursue money, falsehood, hypocrisy, adultery, arrogance and jealousy. It will be the removal of the power of evil forever, and the building of a new perfect world, under the Kingship of G-d. An eternal unchanging world in which the Spiritual will rule over the Physical, in which an end will come to Time, pain and death - and evil will have no place whatsoever, forever. And on that day G-d will be One and His name will be One. "And death will be destroyed forever, and the Lord G-d will wipe tears from all faces, and remove His people's shame." (Isaiah chapter 25:8)

Dear brothers, we have to wake up in time! Wake up! And there isn't much time left! Dear brothers, the time to return with a full heart and soul to our Father our King, to purify our hearts from the rule of the *yetzer hara* [the evil impulse]. This opportunity will end very soon!

Therefore, do unselfish kindness to each other **now**, show unselfish love **now**, and so free yourselves from the rule of the *yetzer hara*, the Satan, who before his death and disappearance will want to take along with him many of our brothers - those who serve him and go in his ways, the ways of darkness, may G-d have mercy! **Cling to G-d Who is boundless light and never-ending redeeming love, and be a part of Him in the Complete Redemption!** Amen, amen may it be His will, and may we say Amen.

You must listen to me carefully since very few will tell you the truth. It should be obvious to all: that the world is changing, changing for the better. But in order to complete itself, it must do away with the part of it that does not coincide with its final complete form. The world of truth must exist without even a shade of lies. Therefore all lies, all distortions, all untruths, must vanish.

So those who are part of the untruthful, illusive world must vanish along with the lies they live. Now we are at the time just before the birth of the completed world... suddenly truth will burst forth and wipe out the lies. Those attached to the lies will vanish, vanish forever, and only those who attach themselves to truth will remain.

But remember, you cannot suddenly become part of that truth. You must begin now, searching out the light in the darkness and attaching yourself to that Emes [truth], so when the drastic change happens, you will be ready, and in position to become part of Hashem's [G-d's] complete world.

Nature is changing, wars will change things, and many other strange happenings, miracles and disasters that we could never foresee. We will witness The Lie dying, like Pharaoh and his warriors. Egypt witnessed the death of their Big Lie. Now in the very near future this illusion will be butchered in front of the entire world.

Oy, Am Yisroel. What else can we say? Hashem wants you back. Clean out your communities now and save yourselves. Almost all of the prophecies have already come true. We're only waiting for the final ones to be realized:

"And I will bring you out from the Nations etc. with a mighty hand and with an outstretched arm etc. And I will bring you into the wilderness etc., and there I will hold judgment over you...As I held judgment over your fathers in the wilderness etc." (Yechezkel 20:34-36)
